Contract Based Relations

"We Provide Complete Business Solutions packages for Business / Company / Brands."

We provide a complete solutions package for business as per their requirement on monthly contract bases. We have made it easy for a Business to enlarge their exposure on Internet world without the hassle of looking after numerous things. Instead, we provide complete solutions package to our clients via Online/Onsite support.

You Focus your Business; We Look after your Digital Needs.

- ★ Gathering information and proposing Complete Solutions plan for particular Business.
- ★ Domain Research, Domain Registration, & Website Hosting.
- ★ Website Designing / Development / maintenance as and when required
- ★ Graphics Designing / Photography / Print material as and when required
- ★ Creating a Social Media channel for business presence.
- ★ Getting more exposure for the business on Social media.
- ★ Managing Social media on client's behalf.
- ★ Software Development / Deployment / up-gradation as and when required.
- ★ Search Engine Optimization, Getting Prominent in web world.
- ★ Development / Designing / Deployment of Mobile applications as and when required.
- ★ Email / SMS marketing as and when required.
- ★ Providing On Site support at your Office / Work Area related to IT.

How it Works

Very first step for initiating a contract between (Business / Company / Brand) & CF-SOL is that our team will visit your office and gather information related to your business, identify your business strategy and your current System. Then our team will identify and propose a complete solutions package which may be suitable for your business including everything you need related to Digital world presence. Once the (Business / brand / Company) have approved the offered proposal CF-SOL will be held responsible for executing the Strategy on behalf of client.
